

# Mirroring survey on financial advisor-investor relationship Sustainability and investments

**Presentation of the third edition of the mirroring survey on  
financial advisor-investor relationship  
Focus 2020 on sustainability and investments**

The survey analyses the financial advisor-investor relationship in order to identify areas for improvement due to gaps in communication, limited knowledge and poor exchange of information.

The 2020 Report investigates whether the financial advisor-investor relationship may lead to a higher consideration of the ESG factors in the individuals' investment process by leveraging on the communication between the parties involved.

**14 December 2020  
4:00 pm – 5:15 pm**

(webinar)
